We the undersigned are opposed to the construction by Sunrise Coal, LLC of a coal mine in Champaign and Vermilion Counties, in the general area of Homer, Fairmount, Sidell, and Allerton. The proposed coal mine threatens the <u>quality of our air</u>, <u>drinking water</u>, the <u>health and quality of life</u> of our communities, as well as our <u>rich farmland</u>. We urge local and regional decision makers to act with and on behalf of their constituents to oppose this coal mine, and preserve our communities for future generations.
